Ditto.

Some OE trunk hatch handles are prone to cracking near the mounting tabs and splitting down the middle. TechSmart's exclusive replacement design includes a metal mounting bracket with anti-corrosive coating to strengthen the handle and prevent failure. In a world of weaker parts, it's a real powerhouse.

TechSmart® Trunk Hatch Handle Repair Kit

- Metal mounting bracket with anticorrosive coating strengthens the handle to reinforce the original problem area
- Includes a new ABS plastic handle, bracket, mounting screws, and washers
