

Cleen is the ONLY professional fuel system cleaning program developed by a manufacturer of fuel injectors.

The Clean Plan is a comprehensive fuel injection cleaning program that combines motorist preventative maintenance with a regular professional cleaning. Motorists should use Super Clean or EZ-Pour Clean every 5,000 miles and see their trusted technician yearly for a professional fuel injection cleaning, to ensure their vehicle is running at maximum efficiency.

Technicians, save your customers money at the pump and provide them with an immediate drivability benefit, while enhancing your fuel injector cleaning business.

CST100CQ uses Ultra Clean fuel system cleaner (CSF53)

Ultra Clean Enhancements, Features and Benefits:

- New Quick-Disconnect System for easy adapter hook-up
- Redesigned heavy-duty Ultra Kit canister and gauge with protective gauge covers
- Canister has a built-in bleed-off valve to relieve pressure
- Larger gauge for a more accurate pressure reading
- Large gauge reads fuel system pressure; small gauge reads canister pressure - up to 145 psi
- Kit is updated for current model year vehicles
- Adaptors come with required hardware to cover many different fuel systems
- Adaptors have i.d. rings and are well organized with identification charts for each compartment
- Popular adaptors are mounted on outside of tool box for quick access
- Longer main feed line hose and fuel pump loop hoses for pumps that cannot be disabled
- Includes longer fuel rail mounting bolts for applications where the OE bolts may be too short
- Throttle body "S" tool is included for cleaning intake runners
- Tests fuel pumps, pressure regulators, and diagnoses leaking fuel injectors
- Printable CD manual included with each kit

CST100Q uses Pro Clean aerosol (CSF56)

Pro Clean Enhancements, Features and Benefits:

- New Quick-Disconnect System for easy adapter hook-up
- Adaptors come with required hardware and cover many different fuel systems
- Adaptors have i.d. rings and are well organized with identification charts for each compartment
- Popular adaptors are mounted on outside of tool box for quick access
- Kit is updated for current model year vehicles
- Longer main feed line hose and fuel pump loop hoses for pumps that cannot be disabled
- Tests fuel pumps, pressure regulators, and diagnoses leaking fuel injectors
- Larger gauge for a more accurate pressure reading
- Hose adaptors come complete with identification rings
- Includes longer fuel rail mounting bolts for applications where the OE bolts may be too short
- Printable CD manual included with each kit

Other new chemicals include Fuel Tank Flush, Mass Air Flow Sensor Cleaner and Throttle Plate Cleaner.

New Family of Cleen Chemicals:

- High-impact graphics and color-coded labels
- Includes an advanced, heavy-duty, pour-in-the-tank companion to Pro-Grade Fuel Injection cleaner
- Cleen is the only fuel system cleaning program from a manufacturer of fuel injectors

Ultra Clean Professional Fuel System Cleaner

- CSF53 – Use with Ultra Clean Kit

Ultra Clean Professional Air Intake System Cleaner

- CSF102 – Removes deposits
- Restores engine performance
- Use with Ultra Clean Kit & "S" tool adapter

Fuel Injector Cleaner with Intake Valve Cleaner Additive

- CSF56 – Aerosol cleaner for use with Pro Clean Kit
- CFC Free, Oxygen Sensor & Catalytic Converter Safe

Super Clean Advanced Fuel Injection Cleaner

- Advanced Pour-in-the-Tank formula
- CSF104 – Removes Harmful Deposits
- Improves Fuel Economy
- Restores Vehicle Power & Performance

EZ-Pour Clean Fuel Injection Cleaner

- Pour-in-the-Tank pro-grade formula
- CSF115 – Saves Money at the Pump
- Improves vehicle performance

Upgrade your existing Ultra and Pro Clean Kits with these three easy Clean Upgrade Packages

Upgrade your gauges and convert your existing Clean kits to 'quick-disconnect' with our easy-update packages.

CSTK1 Pro Clean 'Aerosol' Update Kit
Includes new gauge and regulator (CST600GQ), main quick-disconnect feed line hose (CSTR1AQ), five 1/8" male (1/4" female thread) quick disconnect adapters (CSTA91Q)

CSTK2 Ultra Clean 'Shop Air' Update Kit
Includes new threaded canister w/gauge (CST600CQ), main quick-disconnect feed line hose (CSTR1AQ), five 1/8" male (1/4" female thread) quick disconnect adapters (CSTA91Q)

CSTK3

CSTK3 Main Feed Line Hose Kit
Includes main quick disconnect feed line hose (CSTR1AQ), five 1/8" male (1/4" female thread) quick-disconnect adapters (CSTA91Q), one 1/8" male (1/4" male thread) quick-disconnect adapter (CSTA46Q)

Additional Clean Quick-Disconnect adapters.

CSTA46Q Quick-Disconnect Male Adapter
Use with the main feed line hose
1/8" male (1/4" male thread) quick-disconnect adapter

CSTA90Q Quick-Disconnect Female Adapter
Converts the main feed line hose adapter end
1/8" female (1/4" male thread) quick-disconnect adapter

CSTA91Q Quick-Disconnect Adapter
1/8" male (1/4" female thread) quick-disconnect adapter
